November 17, 2015

Dear Parents/Guardians,

I would like to address some safety issues that have occurred recently. Students walk through the halls with their bookbags on their backs during the change of periods, and some students are holding on to their friend's bookbags. This can prove to be dangerous. Please advise your children of this potential safety issue.

Now that the weather is getting cooler, students must wear jackets when going outside for recess after lunch. Additionally, students are allowed to bring sports equipment to recess that will be used in the yard only. They must take complete responsibility for these items. When the whistle blows, students must know that play time is over at that moment and the sports equipment remains in their hands. There is a risk of it being confiscated if it is in the possession of someone else who does not obey by the school rules. If teachers find students bouncing or throwing the equipment around in the halls, it will be taken away immediately and it will be given to the grade Assistant Principal to be returned in PM homeroom. If this becomes habitual, you will be asked to come to school to pick the items up.

Please discuss this letter with your children and help us ensure that safety rules are followed.

Sincerely,

Barbara Choit
Assistant Principal
